A NEW ENGLAND NANNY MOVES OFFICE TO DOWNTOWN ALBANY

CLIFTON PARK, NY – May 15, 2018 – A New England Nanny is pleased to announce that they have just moved to a new office in downtown Albany. The agency's previous office was located in Clifton Park, alongside its affiliate company GTM Payroll Services.

As the Capital Region's only fully licensed and insured household employment agency, A New England Nanny has been serving families since 1991. They provide experienced, professional caregivers who have undergone thorough background screenings. Their services include nannies, babysitters, senior care workers, housekeepers, backup care for corporate clients, hotel and event child care, and much more.

"Our new location will allow us to provide more personalized service to their clients and partners in the area, while continuing to serve the needs of families all over the Capital Region," says Melissa Schoonmaker, director of A New England Nanny for the last 20 years. "A New England Nanny is happy to be part of the Albany community, and excited to show off our new space to clients, caregivers, and partners."

The Capital Region Chamber of Commerce is hosting a ribbon cutting ceremony on Tuesday, May 15th at 11:00 am to celebrate the opening of the new office.

###

About A New England Nanny

Founded in 1991 by household employment expert Guy Maddalone, A New England Nanny continues to be the leading provider of in-home child care and household employment services in upstate New York. With a rigorous candidate screening process and personalized service for each family, A New England Nanny has successfully placed thousands of nannies, housekeepers, senior care providers, and other household employees. A New England Nanny is the only fully insured and licensed household employment agency in the Capital District. Visit www.anewenglandnanny.com.
