

COVID-19 Precaution Checklist

- ✓ Caregivers will not provide services if anyone in a household has tested positive for COVID-19
- ✓ Caregivers can provide services if someone is quarantining due to contact with a positive case
- ✓ Caregivers wear masks at all times while on the job
- ✓ Caregivers are diligent about washing hands and sanitizing
- ✓ Caregivers take their own temperature before arriving at a job
- ✓ Social distancing is applied when appropriate
- ✓ Caregivers are reminded to be socially responsible when out in public and to avoid group gatherings
- ✓ Caregivers will be strongly encouraged to get vaccinated when available

Caregivers are following CDC and state guidelines for hygiene and safety
